EXPERIENCE

Mern stack Intern

mentorow

📅 oct 2023 – present

- Designed and Developed a responsive React-based website for an educational institution, featuring course and tutor details,
- Worked with a team to design and build a 'Contact Us' page and other UI components using React, React Router, and Tailwind CSS.
- I work here with my core stack: MongoDB, React, Node.js, Express.js, Tailwind CSS, and Figma for design. I use Unix/Linux and AWS for hosting, including S3 buckets.
- [mentrow-app->](#)

Front End Developer freelance

personal website

📅 2021-2023

- Designed and developed a personal website for a chartered accountant named Anees using HTML, CSS, and JavaScript, with a form to Google Sheets repository for sending emails.
- After publishing the website, the client base grew more than usual.
- [anees-website->](#)

react, tailwind css, html

- Designed and developed a Nike clone website using React, with routing implemented through React DOM packages.
- [Nike-website->](#)

blog-app(development)

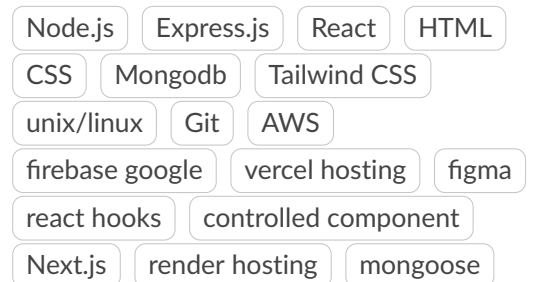

react, framer-motion, express, node, mongodb

- under development fully fludged blog app users can check likes comments edit blogs using (editor js)
- planning to deploy aws s3 bucket
- [source code->](#)

PROFILE

- After my Computer Science degree, I faced financial challenges and went abroad. I decided to pursue my passion in IT, learning online and securing freelance work. I became a skille MERN stack developer and joined Mentrow as a full-stack developer intern. There, I worked with MongoDB, Express, React, and Node.js, along with AWS, Unix/Linux, and Figma. This journey highlights my resilience, continuous learning, and strong technical skills.

SKILLS

EDUCATION

B.sc in computer science

RVS collage coimbatore

📅 2016 – 2019

PARTICIPATION

- adplist one on one session with thanga-retna senior software developer at Everi India Pvt Ltd
- adp list one on one session with Charlotte Hetzler Web Developer Software Engineer at Charlotte Hetzler

CERTIFICATION

- Aweosom day by aws online confrence certification
- Adplist full stack mentors with one on one session certification
